Foreword

The circus! So many things happening at once: precision acrobatics, feats of skill, trained animal acts, comic stunts, spectacles, side shows, processions. The very variety of activity is sometimes bewildering, often exciting, always interesting.

The Staff of the 1953 Bowenite feels that the activities of a year at our school are as many and as varied as those of the circus, and much more interesting, for it is we, Bowenites all, who are the performers.

Dear Carol,
It has been fun knowing you in Bowen.
Best of luck in the future

B. MAZURK.

To the Graduates of 1953

This has been an eventful year for Bowen High School. A new Auto Shop, modern in every detail, has just been completed. The other shops are being rehabilitated. Many other minor improvements have been effected. This is indeed pleasant news. But even more pleasant has been the success of many members of this graduating class in winning scholarships, thus insuring continued education for themselves. In some cases this further education would not otherwise have been possible. These scholarships were won in competition with many students from various high schools.

The entire personnel at Bowen is happy because of these successes. All of us share in these successes. We know that these winners are being repaid for their efforts during their high school days. We sincerely hope that their efforts in college will achieve similar success.

To all, I say you, too, can be successful. Your success can be in the field of citizenship, a field which embraces the most important phases of life. These are your relations to God and to your fellow man.

The measure of success for each of you will be in the degree to which you work out these relations in your daily living.

My sincere wish is that each of you will be truly faithful to God and to your fellow man.

Very sincerely yours,

William P. Hearne

Principal

Mr. Hearne addresses the P.T.A., inspects the progress of the new auto shop, greets a Bowen graduate, attends a student party.

ELI J. GOLDBERG

In the years to come, on some occasional quiet evening, as you turn the pages of this book and recall the many incidents and activities of high school, you will relive the glorious and carefree high school days of your youth. The pictures and words of this annual will bring back with keen and knowing interest your former associates, favorite club, the teams on which you played, and perhaps a "former charmer of the heart." You will see, also, through your powers of memory, the classroom setting, the little variations in your former teachers' mannerisms, and if you are with former classmates, you will discuss all pet peeves which were so involved in your life, for it is the only recorded instrument through which you may continue to vividly retain the years you spent at Bowen.

May your days ahead prove to be as fruitful, invigorating and thought-provoking as the time you spent at Bowen, and may they also be happy and prosperous ones as you journey through life.

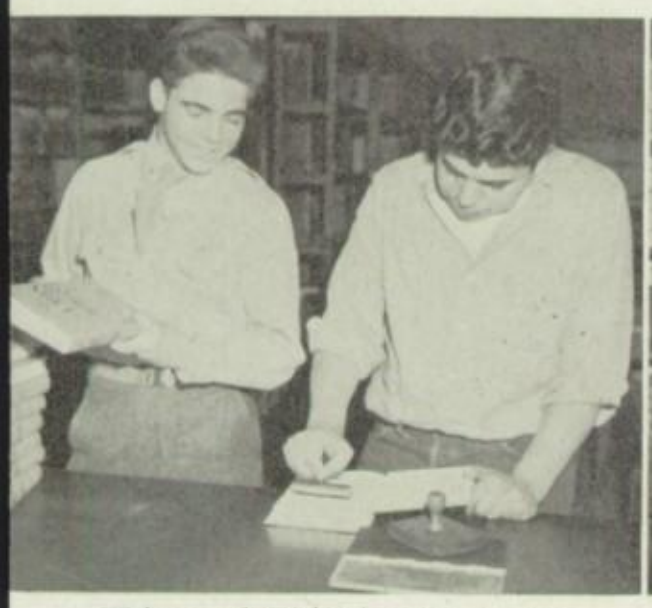
The Bookroom

Our bookroom is the locale of a behind the scenes activity charged with issuing text books to all Bowen students. This responsibility entails stamping new books and discarding old ones. Every book is thus accounted for from the day it is purchased to the day it is discarded. Mrs. Fossier is the guiding genius of Bowen's bookroom, coordinating the various functions into smoothly integrated operation.



Walter and Richard stamp a new set.

Harry and Eugene shelve some new volumes.

This lively group has held meetings from time to time during the school year. A special feature this spring has been the production of some original skits written by Felice Chase. In December the sponsor entertained at a holiday party in the Social Room. Carols were sung and games played by the entire group.

At the end of the fall semester the club entertained all the French students as well as members of outher language classes with a short comedy, "Qui a laisse' les fleurs?"

The members contributed generously to a gift package for Theresa-Marie and Guy, their little friends in the north of France.

Who are the MEN IN WHITE? They are, of course, Bowen's own stage crew. These boys have the job of setting the stage for the various programs held by the school. They are responsible for the beautiful picture which is created by their proper and clever operation of the lights. It is their duty to run the public address system and their aim to make the voice sound as natural as possible and audible throughout the audience.

You will find that the boys in the Stage Crew, under the supervision of Mr. H. Brandenburg, are to be at your service at any time. They are available for all daytime shows, and give freely of their own time for evening performances.

The Class of February 1953

Four years gone, and where did they go? It seems only yesterday that we entered Bowen.

Even as freshies we looked to graduation. As freshies we worked hard at our classwork, and participated in only a few activities.

In our junior and sophomore years, we took advantage of all activities. Students who were eligible for National Honor Society worked harder than ever. Bowen dances were one of the activities we seldom missed.

Senior year came too soon to suit us. Maybe we were impatient as freshies, but graduation came too quickly. The Prom, which was held at the Edgewater Beach Hotel, was a wonderful and memorable night.

Graduation—the organ played—girls sniffled —and the ceremony began. We walked up to the stage, received our diplomas, and walked out into the world of reality.

June night at Calumet High.

Class History

September 6, 1949 was the first day of a four year course in learning, and in participating in activities. To many of us it was the most fearsome day of our lives. Maybe we were "green freshies", but we were proud of that fact. Some of us were told about the "swimming pool on the roof", the "elevator for students to the fifth floor". Although we thought of it as being "mean", we did it when we became seniors.

During our sophomore and junior years we strove to join every club that was available. These years also meant hard work for students who wished to enter National Honor Society. We cheered our teams to victory, and started to attend Bowen Socials.

Senior year arrived with the taking of class pictures. Everyone wanted everyone else's picture. The only problem was that no one really wanted to think of it as their last year. Our "Youth on the Job Day", was enjoyed by every senior.

The Senior Prom, which was held at the Knickerbocker Hotel, was the next activity on our program. "Moonlight and Roses" really fitted that perfect June evening.

Senior Award Assembly brought many awards to outstanding students.

The class picnic was the last activity for all of us. It was a gay and beautiful outing at Tremont Park, and gave us all a day of enjoyment, and pleasure.

June 24, 1953, was one of those days we'll never forget. As we walked up the aisle to receive our diplomas we thought back to the "good old days". No matter how we fought, tears came to our eyes. This was the night when we entered the world and left the Bowen student body.
